

User Guide

- Run the application as the steps mentioned in **ReadMe.pdf** file.
- After running the application, you can do the following processes.
- In the search bar, you can search any data type i.e. irrespective of name, address, date. The search results will be the matches that are found.
- Click on any one contact (row) and then click on view contact to view the details of that particular contact person.
- In the application, you cannot modify a contact when you are viewing. To modify the contact, select the row and then select the Update contact button.
- In the application, to delete a contact, select the row and then click the Delete contact button.
- To add a new contact, click on the Add contact button and fill all the fields and then click ok.
